Indisoft Expands Global Footprint

Launches software solution products for Indian Financial Market

Mumbai, India, Sept 20, 2011 – Indisoft Consultancy, a software development and consultancy company for worldwide business needs, today announced the launch of its products for the financial sector in the Indian markets.

For over a decade Indisoft has been developing and providing software solutions to serve a rich and diverse base of industries and have an established footing in the Healthcare industry with some renowned hospitals as its clients. The company enjoys a reputation of developing scalable, reliable and maintainable that meets their clients' needs; Indisoft has now developed solutions for the financial sector in India

Speaking on the announcement, Mr. Prasad Nagool, CEO, Indisoft Consultancy Pvt. Ltd., said "Our parent company in the US is a market leader in the software solutions space. We are now ready to launch products for the financial sector in India by leveraging the knowledge and skills gained over time."

About Indisoft

IndiSoft Consultancy Services Pvt. Ltd. started its operations in 1999. What began with a clear and strong vision, today, has grown into an organisation with wide spectrum of off-the-shelf products, thousands of man-months development experience and a team of qualified and diligent professionals, bonded together with an enterprising spirit.

Adhered to its sole mission, Indisoft is on its way to build a healthy association with its customers by committing itself to cater to the customer's various business needs. Today, Indisoft's products, services and professionals have already made their ways to the West, Middle East and the East Pacific.
